

PANS Compassion Fund

GREATER REGIONAL HEALTHCARE FOUNDATION

Thanks to the exceptional care provided to multiple family members undergoing care at Greater Regional Health, the Steve and Connie Beasley family were inspired to make a lead gift to start the Greater Regional PANS Compassion Fund. The family knows all too well the difficulties patients and families face while desperately trying to find care and afford treatments not currently covered by insurance in Iowa for children with Autoimmune Encephalopathy Diseases.

SUPPORTING:

The PANS Compassion Fund is utilized to provide gas cards, food vouchers, hotel stays and other items that are not covered by insurance – helping families as they navigate treatment.

HONORING:

This endowment is given in honor of Dr. Cheri Standing and her team at Greater Regional Health who have become 1 of 9 PANS clinics in the nation recognized by the PACE Foundation. The PACE Foundation is a nation-wide non-profit organization that supports improvements to the care of patients with Pediatric Autoimmune Neurological Disorders.

BY THE NUMBERS:

Collectively the fund has raised more than \$225,000 for patients and families!
