# ENHANCING *Your* HEALTH CARE

The Greater Regional Healthcare Foundation, established in 1993, is dedicated to enhancing community health and well-being through fundraising for advanced equipment, patient experience improvements, educational initiatives, and other board-approved projects. Generous contributions from donors have significantly improved healthcare services and wellness opportunities in the region.

In 2025, the Foundation sponsored several healthcare education camps for students interested in learning more about careers in healthcare and the hospital. The Foundation also sponsored the Creston Farmers Market for the sixth consecutive year, providing access to fresh local produce and family-friendly activities in McKinley Park. Additionally, the 34th Annual Golf Event at Crestmoor drew 42 teams and raised over \$40,000, supporting healthcare scholarships and the purchase of two Panda baby warmers for the Birthing Center. Next year's event is scheduled for Friday, June 5th.

Fundraising for the Greater Regional Cancer and Infusion Center continued throughout 2025, funding vital equipment, heated massage chairs for chemotherapy patients, gas cards, and other resources. The "Crush Cancer in Every Color" event on August 2 featured a car show, vendor market, frisbee golf tournament, luminaria ceremony, survivor recognition, and a glow walk/run, raising over \$28,000 for local cancer care. The Patches and Pieces Quilt Guild also continued their support of cancer patients with their annual quilt raffle.

The Foundation deeply appreciates the community's support and looks forward to advancing exceptional care at Greater Regional Health.

Foundation Director

**Tom Hartsock**  
Foundation President
